

RUA

A LOW SEATING DINING CHAIR

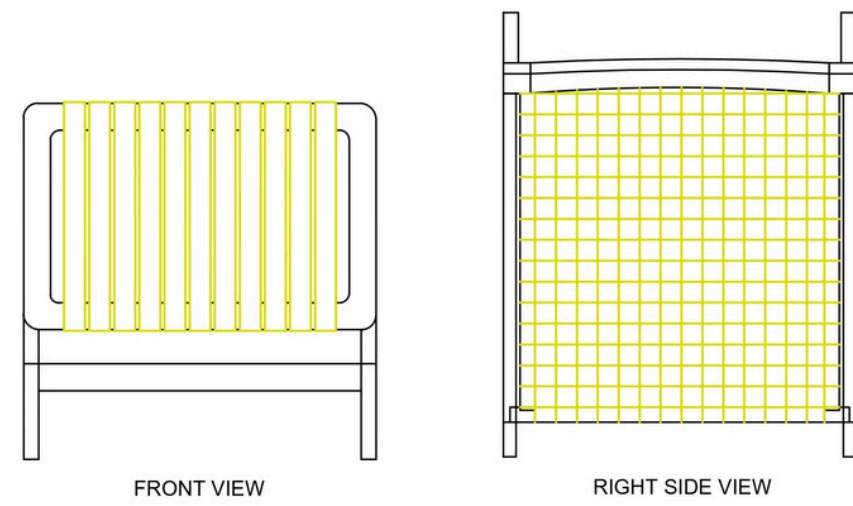

RUA IS A LOW SEATING DINING CHAIR
DESIGNED AND MADE BY ME WITH THE
HELP OF THE WORKSHOP STAFF AT THE
NATIONAL INSTITUTE OF DESIGN
AHMEDABAD.

RUA IS A LOW-PROFILE DINING CHAIR
CONCEIVED WITH AN EMPHASIS ON
AFFORDABILITY AND ADAPTABILITY.
INSTEAD OF RELYING ON TRADITIONAL
CONSTRUCTION METHODS SUCH AS
DRILLED JOINTS, GROOVES, OR ATTACHED
UPHOLSTERY,

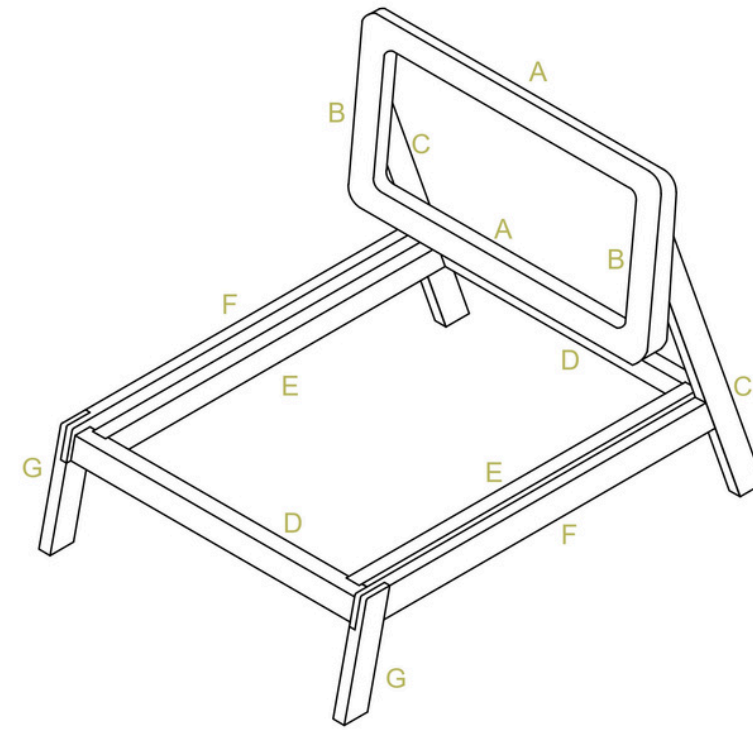

ITS DESIGN FEATURES A VERSATILE FRAME
THAT ALLOWS USERS THE FREEDOM TO
MODIFY OR PERSONALIZE IT AS DESIRED

THE INTENTION WAS NOT ONLY TO
INTRODUCE A CONCEPTUALLY INNOVATIVE
SOLUTION, BUT ALSO TO EMBODY A
CONTEMPORARY, INDUSTRIAL AESTHETIC
THROUGH A REFINED AND MINIMALIST
DESIGN LANGUAGE..
